

HARMONY BIOSCIENCES TO HOST FIRST INVESTOR DAY ON OCTOBER 1, 2024

September 26, 2024 12:05 PM EDT

Company leadership and key opinion leaders to share new data and provide late-stage pipeline updates

PLYMOUTH MEETING, Pa., Sept. 26, 2024 /PRNewswire/ -- Harmony Biosciences Holdings, Inc. (Nasdaq: HRMY), will provide an overview of its robust, late-stage pipeline at an in-person Investor Day at 8:30 a.m. ET on October 1 in New York City. Members of Harmony's senior leadership team along with therapeutic area key opinion leaders will present to investors and research analysts the following:

- Highlights of the company's late-stage pipeline with key program updates, including:
 - New data on pitolisant in idiopathic hypersomnia (IH)
 - Update on pitolisant-HD development program
 - New data on BP1.15205, a potential best in class orexin-2 agonist
- Scientific rationale for therapeutic efficacy based on mechanisms of action for ZYN002 and EPX100, both in registrational Phase 3 trials
- Market potential for late-stage pipeline assets following recent acquisitions; portfolio now includes three orphan/rare CNS franchises, each with potential peak sales opportunities of \$1B - \$2B

The Harmony Investor Day presentation will be made available following the conclusion of the event on the Investors page of the Harmony Biosciences website. Investors interested in attending the event should contact Brennan Doyle at Harmony Investor Relations at bdoyle@harmonybiosciences.com or register [here](#) to attend in person or participate virtually. Space is limited.

About Harmony Biosciences

Harmony Biosciences is a pharmaceutical company dedicated to developing and commercializing innovative therapies for patients with rare neurological diseases who have unmet medical needs. Driven by novel science, visionary thinking, and a commitment to those who feel overlooked, Harmony Biosciences is nurturing a future full of therapeutic possibilities that may enable patients with rare neurological diseases to truly thrive. Established by Paragon Biosciences, LLC, in 2017 and headquartered in Plymouth Meeting, PA, we believe that when empathy and innovation meet, a better future can begin; a vision evident in the therapeutic innovations we advance, the culture we cultivate, and the community programs we foster. Forward Looking Statement:

This presentation includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical facts contained in these materials or elsewhere, including statements regarding Harmony Biosciences Holdings, Inc.'s (the "Company") future financial position, business strategy and plans and objectives of management for future operations, should be considered forward-looking statements. Forward-looking statements use words like "believes," "plans," "expects," "intends," "will," "would," "anticipates," "estimates," "may," "could," "might," "continue," "potential," and similar words or expressions in discussions of the Company's future operations, financial performance or the Company's strategies, but the absence of these words does not mean that a statement is not forward-looking. These statements are based on current expectations or objectives that are inherently uncertain. These forward-looking statements involve significant risks and uncertainties that could cause the actual results to differ materially from the expressed or implied forward-looking statements, including, but not limited to the risk factors discussed under the caption "Risk Factors" in the Company's Annual Report on Form 10-K filed with the U.S. Securities and Exchange Commission (the "SEC") on February 22, 2024 and its other filings with the SEC. While the Company may elect to update such forward-looking statements at some point in the future, it disclaims any obligation to do so, even if subsequent events cause its views to change.

This presentation includes information related to market opportunity as well as cost and other estimates obtained from internal analyses and external sources. The internal analyses are based upon management's understanding of market and industry conditions and have not been verified by independent sources. Similarly, the externally sourced information has been obtained from sources the Company believes to be reliable, but the accuracy and completeness of such information cannot be assured. Neither the Company, nor any of its respective officers, directors, managers, employees, agents, or representatives, (i) make any representations or warranties, express or implied, with respect to any of the information contained herein, including the accuracy or completeness of this presentation or any other written or oral information made available to any interested party or its advisor (and any liability therefore is expressly disclaimed), (ii) have any liability from the use of the information, including with respect to any forward-looking statements, or (iii) undertake to update any of the information contained herein or provide additional information as a result of new information or future events or developments.
